

How do we measure sustainability

When it comes to sustainability, Suprasel looks across the whole value chain

Our sustainability goals for 2020

In 2020 **Sustainable production**

20% profit from products that are more sustainable than competition

In 2020 **Efficient use of natural resources**

25-30% more efficient use from energy and natural resources

In 2020 **Capable and committed employees**

< 4 out of 5 as Employee engagement score
